

# Cold Call Culture

Preparation	Invitation & Appreciation	Formative Language	Peer validation
Give students time to think & ready their answers	Tell them that you've chosen them to honour their thinking	"Get us started" tells students answers should be useful not perfect & cues classmates to listen	Knowing that their peers valued their ideas motivates future participation
Turn and Talk	"Molly, I like what you wrote about x..."	"...can you get us started talking about ..."	"Who can build on Molly's idea?"
Everybody Writes			
EW   T & T			
Transparent Wait Time
